Intact uPVC Profiles

Beyond Frames, Beyond Limits

Intact, a transformative force in the uPVC window and door sector, was established under the umbrella of a conglomerate with 35 years of extensive expertise in mining, steel, and plastic manufacturing. Our foundation rests upon a heritage of excellence, propelling Intact as the vanguard of uPVC innovations. With a legacy spanning decades, our brand epitomizes steadfast quality and reliability.

What truly sets us apart is our steadfast commitment not solely to delivering top-notch uPVC Window and Door solutions but also to championing sustainability. Leveraging the green energy sourced from our wind power project, we embrace eco-conscious practices, ensuring our products excel not only in quality but also in environmental responsibility.

Engineered for Life

At Intact, we blend durability and aesthetics seamlessly. Our customizable offerings boast a spectrum of textures, including captivating wood finishes, catering to the diverse preferences of our clientele. Trusted by discerning clients, our mission is to redefine living spaces by infusing them with a unique blend of style, colour, durability, and eco-friendliness. With a legacy of expertise and a commitment to sustainable innovation, Intact is poised to revolutionize the uPVC window and door sector, redefining standards and enriching spaces worldwide.
